Modular, solar-powered shipping-container systems for remote living and businesses. Complete off-grid power solutions built by licensed electricians at Danger Electric.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks ...

SolaraBox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

1MW on off grid container solar power system This scheme is applicable to the distribution system composed of photovoltaic, energy storage, power load and power grid (generator).

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.
