This compact yet powerful energy storage commercial solution provides a versatile building block for distributed energy systems, EV-ready microgrids, and backup-critical operations.

Discover the AEILO-P50B200 by SolaX, a powerful 50kW, 200kWh energy storage solution for commercial and industrial use, with advanced safety and smart EMS.

Our EVB 50kW/115kWh air cooling energy storage system cabinet is essential in commercial and industrial energy storage solution for optimizing energy usage and ensuring uninterrupted operations.

Our 50KW/100KWH outdoor cabinet energy storage system, with its excellent performance and thoughtful design, is the ideal choice for outdoor energy storage applications.

The 50kW Smart Energy Storage Air-Cooled Integrated Cabinet, designed for commercial and industrial applications, features air-cooled thermal management, an intelligent BMS & monitoring system for ...

Whether you're integrating renewables, reducing demand charges, or preparing for grid outages, our BESS cabinet is your partner in energy resilience and efficiency

Designed to support grid-tied and off-grid scenarios, the Hybrid ESS cabinet offers seamless integration and maximized space utilization, making it an ideal choice ...

This integrated cabinet combines power modules, batteries, cooling, fire protection, and smart energy management in a single rugged unit. This all-in-one outdoor ...

The Energy Cube 50kW/100kWh is a fully integrated commercial and industrial energy storage solution combining battery modules, BMS, PV inverter, fire ...
