The suburb of Atlantis was established by the South African apartheid government during the 1970s for the Coloured population of Cape Town under the Group Areas Act. In order to attract industry and residents to Atlantis, the government introduced various incentives to attract manufacturing firms via relocation tax credits. In its heyday in the early to mid-1980s, there were approximately 50 industrialists in Atlantis employing people from nearly 8,000 households. These indu...
