High Efficiency and Power Output: The Longi Class B 590W/595W/600W Double Glass Bifacial Photovoltaic Module is designed to provide high efficiency and power output. With a panel efficiency ...

LONGi had scaled up high-volume manufacturing of bifacial modules and has become the largest producer of bifacial PV products, with ...

In November 2022, LONGi announced the Hi-MO 6 series of panels made using the new high-efficiency Hybrid Passivated Back Contact (HPBC) ...

Let's dissect LONGi's photovoltaic grading system through the lens of a solar installer who once confused B-grade panels with abstract art. The differences between A and B class panels extend ...

LONGi module product model comparison to help you quickly make product selections.

LONGi is a mid-range-tier solar panel manufacturer headquartered in China, rated 4.3/5 by industry experts. Their panels offer up to 22.8% efficiency with 25-year performance warranties.

LONGi solar panels cost approximately \$3.03 per watt, aligning with the national average and making them a cost-effective choice for homeowners. ...

Wait, no - actually, Longi's B-Class models hit 22.8% through their patented Hi-MO 6 technology. That extra 1.8% might seem small, but imagine powering three extra LED bulbs daily per panel.
