---

The company is dedicated to the research and development, introduction, promotion, and application of new technologies and products in power systems.

The company currently has five facilities and the ambition is to increase the production of solar power. Ports of Stockholm's solar cell systems can produce electricity at a cost that is comparable to the ...

Hezong Science and Technology Co., Ltd. (hereinafter referred to as "Hezong Tech") was established in 1997, with two major business segments: electricity and new energy battery materials.

Beijing Hezong Science & Technology CO., Ltd (Hezong) is a high-tech enterprise providing technological solutions to our customers of power distribution and ...

We have always been strengthening innovation through our striving R& D department, and our innovative and patented technology combined with our advanced production base in Beijing, and strong ...

During this year's "430" installation rush, Shandong Weiwang Hezong Energy Technology Co., Ltd successfully connected a 10.3MW Hi-MO X10 distributed ...

Hezong Tech's centralized photovoltaic power station solution focuses on the early development and EPC construction of photovoltaic power station projects with a capacity of 6MW and above.

The centralized photovoltaic power station solution of Hezong Science and Technology focuses on the early development and EPC construction of photovoltaic power station projects of 6MW and above.

Learn the basics of solar energy technology including solar radiation, photovoltaics (PV), concentrating solar-thermal power (CSP), grid integration, and soft costs.
