The Solomon Islands Renewable Energy Development Project plans to finance new solar farms in Guadalcanal and Malaita provinces, along with a utility-scale grid-connected energy storage system ...

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply.

A tropical storm knocks out power across Guadalcanal, but a Honiara energy storage container barracks system keeps emergency radios humming and medical equipment running.
