The LONGi LR7-54HGGB-450M is a 450W bifacial solar module featuring 108 half-cut cells. Its advanced bifacial technology captures energy from both sides of ...

The panel has a nominal power output range of 435 to 450 watts, making it ideal for both residential and commercial solar projects. One of the main advantages of ...

Long solar panels 450W series are business-ready, half-cut mono modules that deliver strong energy yield in a compact, single-glass format. They come ...

The 450W Longi photovoltaic panels represent a high-efficiency solar solution designed for residential, commercial, and utility-scale applications. These panels are engineered using advanced materials ...

LONGi LR4-72HPH 450w is a model that uses a number of technologies to bring durability and performance to the next level. This module ...

Longi 450W LR4-72HPH 450/MR is a monocrystalline 450W solar panel is ideal for self-consumption and industrial solar installations. Modules of high quality and resistance, made of polycrystalline ...

LONGi provides you with the most comprehensive product data information so that you can quickly understand LONGi's full range of products.

Delving into the world of solar energy, Longi Solar 450W panels stand out for their unmatched efficiency. These advanced panels utilize state-of-the-art technology to convert sunlight into electricity with ...
