We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

Sense, place, technical need, and available information all conspire to render foldable solar boxes the end destination of Spain's energy ...

With Spain aiming for 74% renewable electricity by 2030 and mobile solar systems providing instant energy access, demand for these plug-and-play solutions is skyrocketing. But how much will they ...

La gama de contenedores solares m#243;viles redefine la energ#237;a en el sitio de trabajo aprovechando la energ#237;a del sol de forma eficiente y fiable para maximizar el rendimiento solar.

SolaraBox is built to solve project power needs. The system is modular and easily scalable: you can add multiple units to increase output, and it supports on-grid, off-grid, and hybrid configurations.

This setup lets you bring solar power anywhere you need it. You can use a solar energy container at faraway work sites, outdoor events, or for mobile ...
