As a world-class solar products manufacturer, United Energy specializes in research, development, production, and sales of solarPV products.

Discover our global leading mobile solar container factory offering durable and efficient solar power solutions ideal for remote locations, emergency deployments, and off-grid applications. ...

SolaraBox is built to solve project power needs. The system is modular and easily scalable: you can add multiple units to increase output, and it supports on-grid, off-grid, and hybrid configurations.

Our foldable solar containers combine advanced photovoltaic technology with modular container design, delivering rapid-deployment, off-grid renewable energy with industry-leading efficiency.

Ideal for temporary power, remote locations, or emergency backup, these all-in-one solutions combine high-efficiency solar generation with integrated storage for rapid deployment in construction, events, ...

Stationary solar container up to 120 KW. Mobile solar trailer can be installed by one person in less than 10 minutes up to 5.2KW. Solar frame for portacabins up to ...

PVMARS provides a complete turnkey PV energy storage system solution. After we complete production, the system delivered to you can be used immediately after ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.
