This year's event will dive into the urgency of fractionalized energy systems, the growing impact of grid-edge technologies, and how microgrids are redefining energy independence in real time. The future ...

September 30-October 1 in Austin, TX focuses on microgrids and off-grid systems for onsite energy generation, time-to-power, ensuring power quality and reliability, and maximizing cost efficiencies

Stop by BOOTH #508 at the Microgrid Knowledge 2025 Conference for the latest insights into real-time digital simulation and hardware-in-the-loop testing. Learn ...

Our 2025 Microgrid Knowledge Conference page is now up and running, offering the basic introduction to the event planned for April 15-17 in ...

The 20th edition of the Microgrid & Off-Grid Innovation Forum, September 30 - October 1, 2025 in Austin, TX brings together technology innovators, project developers, utilities, energy ...

Microgrid Knowledge (MGK) Conference is the intersection of education, advocacy and collaboration on the mission-critical pathway to NetZero unity. MGK. Microgrid Knowledge Conference 2025 is held in ...

The Clean Coalition was a partner organization for this event, which took place on 15-17 April 2025 in Dallas, TX. Microgrid Knowledge (MGK) Conference 2025 is ...

The Microgrid Knowledge Conference 2025, taking place from April 15-17 in Dallas, TX, is a premier event focused on microgrid technology and distributed energy resources.

The 19th annual Symposium on Microgrids will be held on 9-13 November 2025 at the Shenzhen Institutes of Advanced Technology, Chinese Academy of Sciences, and the University of Macau.
