---

As AI data centers, electrification of industrial processes and transportation, and other factors drive a surge in demand for electricity in North America, microgrids and off-grid energy systems are seen as ...

The 19th annual Symposium on Microgrids will be held on 9-13 November 2025 at the Shenzhen Institutes of Advanced Technology, Chinese Academy of Sciences, and the University of Macau.

The RE+ Microgrids event will take place in Houston, United States, from March 11 to March 12, 2026. This dynamic gathering brings together industry leaders, innovators, and stakeholders in the microgrid...

Nov 01 International Conference on Power Engineering and Systems (ICPES) - San Francisco, United States

Nov 04 International Conference on Electrical, Electronics and Power Engineering (ICEEPE) - ...

Get the list of the top 10 electric utility conferences happening in the U.S. in 2025, including dates, locations, and key takeaways.

From microgrids to minigrids, from aggregated distributed energy resource (DER) capabilities to virtual power plants, Microgrid Knowledge is on it. Be part of our gathering to connect with the trailblazers ...

The 2025 Microgrids & Energy Resilience Summit will bring together defense leaders, federal agencies, and industry experts to explore scalable, cyber-secure, and mission-driven microgrid solutions that ...

September 30-October 1 in Austin, TX focuses on microgrids and off-grid systems for onsite energy generation, time-to-power, ensuring power quality and reliability, and maximizing cost efficiencies

This year's event will dive into the urgency of fractionalized energy systems, the growing impact of grid-edge technologies, and how microgrids are redefining energy independence in real time. The future ...
