Detailed profile including pictures, certification details and manufacturer PDF.

Key attributes Industry-specific attributes Cell size 182mmx182mm Type Half Cell Panel Efficiency 22.65%

LONGi launched its mono-PERC modules in 2016, featuring integrated PERC technology on monocrystalline silicon and low light degradation, and its cell efficiency has increased from 21% to ...

Product Highlights High-efficiency 570W monocrystalline solar panel. 22.5% maximum module efficiency with low degradation. Built for commercial, industrial, and utility-scale applications. 25-year linear ...

Sunpal focused on research and manufacture of all-black solar panels since the year 1998, we have exported our various kinds of full-black solar panels to 86 countries and won a good reputation in ...

LONGi panels feature low temperature coefficients, maintaining optimal performance even in high-temperature conditions and ensuring ...

The LONGi LR5-72HTD-570M is a high-efficiency solar panel ideal for large residential, commercial, and utility-scale projects. It offers a maximum power output of 570 W with an efficiency of 21.9%. This ...

The LonGi 570W Solar Panel is perfect for distribution markets, offering superior energy performance, modern design, and long-term reliability. It is suitable for ...

Install clean energy with the remarkable solar panel LR5-72HGD-570M (BIF, DG) from LONGi Solar. This state-of-the-art solar product combines outstanding quality and environmentally conscious ...
