We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go ...

Types of our mobile solar constructions. We offer two types of solar containers that differ in design and power output. Besides our ...

The BoxPower MiniBox is a pre-engineered solar power station, prefabricated inside a 4' x 8' palletized enclosure. All energy systems are equipped with a ...

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable ...

Welcome to our technical resource page for 120-foot photovoltaic folding container for chemical plant!

The container is equipped with foldable high-efficiency solar panels, holding 168-336 panels that deliver 50-168 kWp of power. It is the perfect alternative to unstable grid power and diesel generators, ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and ...

Power SPV --Solar PV Container (Rail Type) Suitable for large and medium-sized on grid solar power stations, long-term stable and reliable scenarios
