In 2023, Hebei Huidun Metal Products Co., Ltd. was established in Yongnian Town, Handan City, mainly producing C-shaped steel and U-shaped steel for photovoltaic brackets.

Product use: It is suitable for all kinds of general-purpose framed solar panels in the existing market. It is fixed on the color steel tile roof at a certain angle, and can support the entire photovoltaic module array.

The Color Steel Tile Roof Photovoltaic Bracket is specifically engineered to match the structural characteristics of metal or color steel tile roofs. Its modular design allows for quick installation without ...

Summary: Discover how colored steel tile photovoltaic brackets simplify solar panel installation while enhancing durability. This guide explores their applications, benefits, and real-world success stories ...

Strong compatibility: The color steel tile photovoltaic installation fixture is exquisitely designed and can closely fit the color steel tile roof to ensure the stable installation of photovoltaic modules.

Leveraging years of expertise in PV mounting systems, Chiko Solar has developed a high-efficiency PV mounting system specifically designed for ...

Mainly applied to photovoltaic system, and its material is Al6005-T5. With its professional design, it can realize the perfect connection between roof support ...

The color steel tile roofing system is designed for color steel roof distributed power stations. It is made of aluminum alloy and is light in weight, which can reduce ...

We provide specialized customized designs for different types of color steel tiles, achieving a perfect integration between the tiles and photovoltaic supports to meet various installation needs of our ...
