Application Scenarios Commercial rooftop solar + storage Industrial demand charge management Cold storage & warehouse facilities Agricultural projects Island microgrids EV charging support Backup ...

EFIS-D-W100/215 is specially designed for small-scale industrial and commercial energy storage applications. It features a modular, factory pre-installed design that requires no on-site installation or ...

Built-in fire, flood, and temperature control with system warnings for safety. Dual ...

Enter the PV storage cabinet: a fully integrated enclosure that brings together lithium battery packs, hybrid inverters, energy management protocols, and safety systems into one scalable ...

The Cabinet offers flexible installation, built-in safety systems, intelligent control, and efficient operation. It features robust lithium iron phosphate (LiFePO<sub>4</sub>) batteries with scalable capacities, supporting on ...

The photovoltaic storage and off-grid integrated cabinet adopts an ALL-in-One design, integrating battery PACK (including BMS), photovoltaic controller (MPPT), PCS, on-grid and off-grid switching ...

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Built-in fire, flood, and temperature control with system warnings for safety. Dual fire suppression, ATS/STS ensure seamless power switching. Integrated BMS/PCS/EMS supports diverse applications.

Housed in a single indoor cabinet, it combines a high-performance 50kW power conversion system with 100kWh of advanced LiFePO<sub>4</sub> storage, ensuring safe, efficient, and reliable energy management.
