The Sungrow SG20RT Three-Phase Solar Inverter | 20 kW boosts production with 98.5% efficiency, 2 MPPT and 1000 Vdc input. Includes AFCI, SPD II on DC/AC, PID Recovery, and iSolarCloud.

With an impressive efficiency rating of up to 98.1%, this inverter is one of the most productive inverters available. Featuring 2 MPPT and 4 string inputs, the SG20RT inverter is equipped to handle an array ...

The Sungrow SG20RT is a high-performance three-phase string inverter designed for commercial, industrial, and large residential photovoltaic installations operating on a 1000 Vdc system.

Sungrow Power Supply Co., Ltd. Solar Inverter Series SG8.0/10/12/15/17/20RT-20 (China). Detailed profile including pictures, certification details and manufacturer ...

View online or download Sungrow SG20RT User Manual, Manual.

The SG20RT uses advanced IGBT technology to provide high efficiency and fast ...

SG15/17/20RT Multi-MPPT String Inverter for 1000 Vdc System NEW HIGH YIELD Lower startup & wider MPPT voltage Compatible with bifacial modules Built-in PID recovery function

Do you need this product? Send a request for proposal to Sellers!

The inverter is a transformerless 3-phase PV grid-connected inverter. As an integral component in the PV power system, the inverter is designed to convert the direct current power generated from the PV ...
