Our list was compiled based on numerous factors, most notably the financial strength of the company, length of business, and customer reviews. We will break down the types of LONGi solar panels ...

China's solar technology company Longi Green Energy Technology achieved a module efficiency of 25.4 percent with its independently developed HPBC 2.0 solar cells, setting a new world ...

By accelerating innovation and scaling up applications, BC can move from "advanced tech" to "mainstream solution," ushering in a new era of efficient, reliable, and visually refined solar ...

Longi, the China headquartered solar PV solutions giant, has launched its latest Hi-MO X10 solar module series at an event held in Shanghai. The new modules use Longi's 2nd generation ...

Backed by advanced technologies, our modules feature excellent power ratings and top conversion efficiencies, and can be used across all market segments. Our field-proven bifacial modules deliver ...

The EcoLife series brings Longi's back contact technology to the residential solar market with panels that reportedly offer quicker system payback and reduced power degradation over time....

By accelerating innovation and scaling up applications, BC can move from "advanced tech" to "mainstream solution," ushering in a new ...

Chinese module manufacturer LONGI has launched a new back-contact (BC) lightweight module for commercial and industrial (C& I) rooftop applications. The Hi-MO X10 Guardian Light ...

Outlining how new solar technologies, and specifically Longi's HPBC cells, have helped to enable this transition, Jiang says: "The high commercial efficiency means you can generate more ...
